CORNER KE MEDIUM 2000 WORKBENCH

CORNER KE MEDIUM 2000 angled workbench with its structure takes full advantage of any lab's space. The frame is painted with epoxy powders and the working surface is made of an anti-scratch laminate and 27mm thick black ABS borders. The station has 800mm ground clearance. Thanks to 15 millimetrically adjustable feet it is possible to always level the workbench.

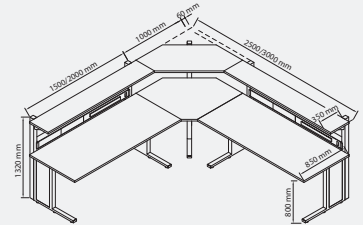

Equipment:

1320mm upright supports with a shelf and a double electric module with 6 schuko sockets each and a magnetothermic switch. The supports have the possibility to add numerous accessories.
