## ECO TABLE WITH MULTISOCKET

Fit for electronic laboratories, our ECO ELETTRICO tables are perfect for industrial tasks and are the right compromise between elegance and practicality. They're sturdy with a maximum load capacity of 250kg, a paint coat of epoxy powders in Grey RAL7035 colouring. The supporting structure has a square 40x40mm section and the worktop has a 810mm ground clearance. The worktop is 27mm thick with black ABS rounded corners. Thanks to the electric module with 12 schuko sockets and magnetothermic switch you'll be able to power every tool you'll ever need at your disposal.

### Technical Design:

Practical and sturdy

Easy to assemble

Worktop with rounded corners

4 millimetrically adjustable feet

Load capacity higher than 250kg
