ESD-SAFE CART FOR NEWBOX

To facilitate moving NEWBOX containers without losing its antistatic features, we studied, designed and manufactured this model with 4 wheels, 2 of which with brakes.

The cart is painted with dissipative epoxy powders to avoid stagnation of electrostatic charges.

Picture:

Practical and robust

Easy to mount

Static dissipative epoxy powders

4 conductive wheels 2 with brakes

Specific for NEWBOX 600x400mm

Technical data

Code	16389/G/ESD
Colour	grigio RAL7035
Frame material	acciaio
Frame paint	dissipative epoxy powders
Measures	600x400x147mm
ESD-SAFE	YES
Load capacity	100kg on smooth surfaces
Wheels	ESD-SAFE 2 with brakes

Superficial resistivity

R_s paint	$10^3\Omega < R_s < 10^9\Omega$
-------------	---------------------------------

complies to
IEC61340-5-1
regulations

Made in Italy
